The Simi Valley Flyers club is incorporated as a nonprofit organization. We are a radio control model airplane club founded in 1965. We have a 450 ft. by 50 ft. asphalt runway with a 150 ft. by 65 ft. pit area. Our flying field is located inside Oak Park which is owned by the County of Ventura. The Simi Valley Flyers operate,

maintain and improve this facility under a lease agreement with Ventura County.

**The President’s Message – Bobby Haynes**

This year is coming to a close and we have a few things left on our agenda, that we will be voting on at the next meeting which is on November 24th. First we will be voting on approval of the funds for the holiday party Which will be held on December 10th, 5pm at Ciscos. Second we will be voting on the Amount of money we want to spend on the raffle, and in light of the income we made from the drone event this year the board and I would like to increase the amount to \$1000.

In December at the Christmas party we will be holding board elections where the president and vice presidents position will be available. Remember that holding a board position is making you a member of the team that helps maintain our field and day to day business. Serving on the board is the best thing you can do to help keep the club going.

Bob Fricke is sending out the holiday party invitation, and he is asking that you send him a quick email with your address so he can confirm that he has the correct mailing address. Bob's email is : "bob@kjf1.com"

I would like to thank Dieter Wolf for marching out to the flags to help replace the bad ones at the last fun fly.

If you have any concerns we would like to see you at the next meeting. See you then!

Best,

Bobby Haynes

President
